

## INSPIRED ART COMES FROM WITHIN BASIC SKILLS

I am really looking forward to this course. Each class will move quickly and for that reason I would love it if you can try to arrive 10min early. Music is an important tool to connecting with your core. The core that makes incredible and inspired lines, shapes and "Art". Please email me a list of music you like or songs you like or music that you really dislike.

Connecting with "YOU" as a tool  
Detaching from the outcome  
Learning to see shapes without lines  
Using our tools for self portrait  
Negative space or not?  
Starting on your own project
